38th Annual

The University of New Mexico

Dept. of Orthopaedics & Rehabilitation

Alumni Conference
June 7, 2019

CONFERENCE INFORMATION

This course is designed to provide a review of current trends in the practice of orthopaedic surgery, as it relates to community orthopaedic trauma. This conference is intended to update the knowledge base of practicing orthopaedic surgeons and allied health providers.

WHO SHOULD ATTEND

We highly encourage attendance of family medicine physicians, orthopaedic surgeons, pediatricians, therapists, orthoptists, and other practitioners who evaluate and/or treat orthopaedic patients. Nurses, nurse practitioners, physical therapists, occupational therapists, careers, parents of affected children, and physician assistants will find the course material helpful in improving general knowledge.

OBJECTIVES

At the conclusion of the course, participants will have an improved understanding of the following concepts:

1. Challenges for women in orthopaedics;
2. American Board of Orthopaedic Surgeons Board Certification and maintenance of certification process;
3. Acromioclavicular joint injuries and treatment;
4. Role of the team physician;
5. Injuries in running athletes;
6. Current research topics in orthopaedics.
